

## **FIRST AID COURSES**

### **STANDARD FIRST AID COURSE:**

This 3-hour course meets OSHA requirements and covers the treatment of bleeding, broken bones, shock, heat and cold emergencies, diabetic problems, allergic reactions, poisoning and other common emergencies in the home or workplace. This course is intended for the layperson, teachers, coached and first aid team members. There is no written test. A course completion card is given which is for a 3-year period. The course can be tailored to meet any special need.

### **FIRST AID FOR DAYCARE PROVIDERS COURSE:**

A 6-hour course which meets the State of Connecticut requirements for daycare providers. The course includes infant and child CPR and obstructed airway procedures, first aid, and other state requirements. There is no written test and a completion card is given for a 3-year period.
